Railroad Avenue Bridge Replacement – Project Status

On November 30, 2014 work on the Railroad Avenue Bridge replacement project was suspended for the winter. The project consists of the complete removal and replacement of the bridge over Keith Creek between 8th Street and 9th Street. On March 23, 2015 construction will resume. The road will remain closed until completion. The project is scheduled for completion by the end of May. Traffic control and detour signage will be maintained to warn motorists and pedestrians of the bridge closure. Thank you for your patience and we apologize for the inconvenience. If you have any questions, please contact project manager Marty Ruvolo at 779-348-7300.
